## Pricing Methodology for Goods and Services Provided by Council

The pricing methodology for goods and services provided by council is based on the concept of user pays and cost recovery.

### Description Column

Identifies the relevant fee.

### Fee Charge Basis

Provides a description of how the fee will be charged.

### Policy Link/s

Identifies appropriate relevant Council Policies which have a direct effect on the fee proposed. *Note: Not all fees are linked to Policies.*

### Taxable

Identifies if GST is applicable or otherwise to a fee.

### Responsible Department

Identifies the Department responsible for the programs to which the fees are applicable. Although Responsible Departments are required to set the relevant fees for programs, all queries in relation to fees should be directed through the Customer Administration Centre.

### Legislated Fees

A large number of fees and charges are legislated. Council has no control over what these charges may be. These fees may be subject to change at any stage throughout the year. Changes may not be reflected in this document.

### GST

In 2012/13 it was reported that changes to the Commonwealth, Tax Law Amendment (2011 Measure No 2) Bill 2011, would have a major impact on Local Government specifically in relation to charging GST on Special Rates & Waste charges proposed from 1 July 2013

Local Government NSW, on behalf of all NSW Councils, applied to the ATO for a class ruling on the treatment of GST and in January 2013 the ATO handed down Class Ruling 2013/1 which advised that all Council rates & charges remain 'exempt' from GST.

### Bonds

Any portion of bonds/deposits retained will be subject to GST of 10%.

## Fee Waivers, Refunds and Reductions

Section 610E of the Local Government Act 1993 provides that *“...a council may waive payment of, or reduce, an approved fee (whether expressed as an actual or a maximum amount) in a particular case if the council is satisfied that the case falls within a category of hardship or any other category in respect of which the Council has determined payment should be so waived or reduced.”*

The Council assesses applications for fee waivers/refunds/reductions on a case-by-case basis, taking into account the financial situation of the applicant. All requests for a refund, reduction or waiver of a fee or charge must be made in writing.

Some service fees are subject to reductions, refunds or waivers as per specific service terms and conditions. These may include:

- Land use applications submitted by local non-profit organisations;
- Hiring of community halls – cancellations;
- Cemeteries – surrender of burial licence and ashes reservations;
- JM Robson Aquatic Centre – concessions on general fees for seniors, pensioners, veterans and students and discounts for families;
- Libraries – fine concessions; and
- Eskbank House Museum - concessions on general fees for seniors, pensioners, veterans and students and local residents.

Section 95 of the Companion Animals Act 1998 provides for the reduction or waiver of fees payable to Council under the Act for persons in receipt of a pension, benefit or allowance under the Commonwealth Social Security Act 1991. Requests for refunds by persons not in receipt of a pension, benefit or allowance under the Social Security Act are referred to Council for determination on a case by case basis.

The Council also has a Hardship Policy (Policy 8.6), which establishes clear guidelines on financial relief provided to ratepayers who are experiencing financial difficulty in paying their annual rates and charges.
