

# Farmers Creek Landcare

## Creek Protection, Planting (& Pizza)

The recently established (2017) **Oakey Park Creekcare Group** is calling for assistance from neighbours and local Landcarers to spare a couple of hours to help spread thick mulch around native plantings, plus help put in a few more of them.

### What we will do:

- \* Spread 60 cubic metres of mulch to provide moisture retention and weed protection for new plantings.
- \* Establish perimeter plantings.
- \* Manage weeds and erosion along this section of creekline, revegetate with native species and help restore aquatic biodiversity.

**When: 3:00pm - 5:00pm**

**Tuesday 21st August 2018**

**Where: Oakey Park**

Near the bridge - corner of Island Parade & Brewery Lane

**Bring:** Wear sturdy closed-in shoes, & weather-appropriate clothing.

What a great way to spend a cool winter afternoon - looking after our creekline and dinner is sorted with pizza to follow!

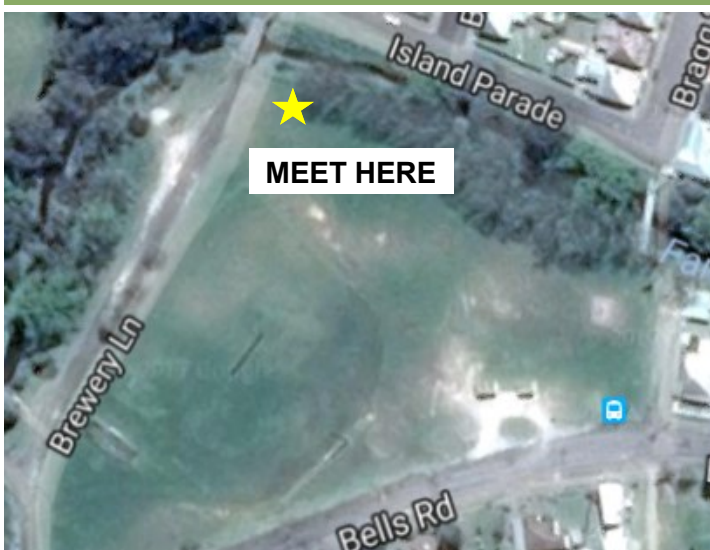

**Please RSVP (for tools & catering)**

Rechelle Fisher Landcare Coordinator
