

“Swamps and Stubbies”- a celebration of the Newnes Plateau

Join us to celebrate all the things that the Newnes Plateau offers to community

The Newnes Plateau is an important recreation area for both the local community and recreation users from other parts of the state.

The plateau is made up of three different National Parks, the Newnes State Forest, Lithgow Council land and several privately-owned properties. It is an area valued for a number of outdoor pursuits including 4WDing, trail bike riding, bushwalking, canyoning and orienteering.

It is also an important resource for extractive and plantation industries and supports a variety of threatened plants and animals.

Come along to meet people that have a connection with the Newnes Plateau and share experiences and stories.

Details:

Friday 16th November
5 pm to 9 pm (wood fire pizza provided)
Zig Zag Brewery, Brewery Lane,
Lithgow 2790
