Welcome

National General Assembly 16—19 June 2019

Dear Colleagues,

It is my pleasure to invite you to the 2019 National General Assembly of Local Government at the National Convention Centre in Canberra on 16 to 19 June.

This year we are Future Focused as we mark the NGA's 25th anniversary, celebrating past achievements whilst firmly focused on the future.

Our theme this year acknowledges that change is constant - and we know you want your council to be positioned to seize the opportunities and reap the rewards for your communities.

Change is everywhere be it digital transformation, community activism, ageing demographics, population policies planning overlays, voice recognition, artificial intelligence and even self-driving cars are just around the corner. Layers of complexity are added by attitudes to climate change, energy generation, cost shifting and tax distributions. Not to mention increasing community expectations about the level and types of services and infrastructure provided by councils.

It is up to each and every council to understand these developments, work through the challenges, and find the best way to shape their response to their communities. The NGA this year will consider what councils can do today to get ready for the challenges, opportunities and changes that pave the path ahead.

As part of our exciting program, delegates can look forward to hearing from leading politicians; receiving deep insights from nation-leading experts; being inspired by keynote speakers at the forefront of community engagement and crowd-powered communities; and concurrent sessions exploring housing affordability and density pressures; community harm and waste. Together we will ignite thought-provoking discussions about what can be expected as we look to the future

Previous NGAs have provided participants with experiences, inspiration, information and an abundance of tools and techniques to take back and apply in their councils. This year will be no exception.

This year's NGA will also be held just after the next federal election. Before the dust settles, join us to make sure the incoming government is focussed on the future of our sector, and the future prosperity and wellbeing of our communities. When we come together, the power of our collective voices working to sustain vital funding and programs for local government cannot be denied - it is an unmissable opportunity for your council's voice to be heard.

The NGA is the only event on the local government calendar that truly brings councils, staff and industry together nationwide to advocate, network, celebrate, learn and build strategic relationships that, collectively, will position participants at the forefront of local governance in Australia.

Are you Future Focused?
