

- Just beautiful and worth preserving.
- Love seeing them using the land.
- Preserve rural settings.
- No plastic animals yay.
- Beautiful.
- Preserve rural setting.
- Good use of land.
- Agree 100%.
- Intensive farming.
- Great.
- Alpacas-being there moving on.
- Diversity.
- Cute.
- We need more of this type of thing not small 2 ha lots.
- We need both.

- Bypass and retain the picturesque setting.
- Heritage for the amount of time it is used. Preserve our history.
- Looks scary.
- Keep as is add parallel to effectively widen for traffic.
- Heritage Bridge. Write a history of bridge. Near crossing of Blue Mountains. Clear area around to encourage camping, picnics, etc.
- Widen for safety.
- Picturesque.
- I agree.
- I agree too.
- Not safe. Needs to be widened.
- It is part of the road take care and just slow down.
- A good tourist destination.
- Heritage of area.
- Picturesque.
- I agree.
- Assess each area individually could be a quiet spot?
- Teaches us to slow down and respect each other and the environment when driving.
- Historic bridge-we need good access but also maintain our heritage

- Sustainable production.
- Wonderful peace and quiet-healthy stock
- Should maintain rural properties.
- I agree.
- Typical of Portland outskirts-farming a vital industry and essential food production
- Agreed.
- Need more of this.
- What could be better?
- Less methane for global warming.
- Should maintain areas like this in the area.
- Rolling hills grazing-'our place'.
- Keep good land.
- No refugees.
- Seclusion.
- Leave it just as it is.
- Productive pastures.
- Clean food for the world.
- More innovative crops. Biological agriculture not chemical-profits, paddock to plate, etc

- On its last dying gasp.
- Dinosaur industry no longer viable.
- Good for employment.
- Oh well.
- There are many alternatives to fossil fuel such as solar energy devices. Demand their release to the people.
- Don't like.
- Production.
- Necessary evil.
- Too true.
- Gross aesthetically, but probably needed.
- So last millennium-need to live in the future not in the past.
- Employment. Apprenticeships. Helps the economy-can make money from rocks underground.
- Rather destructive energy technology that have only positive effects.
- Landscape this-shows mining is serious about fixing up any bad use.
- Majestic.
- Keep out of sight but necessary evil for employment.
- Plant around environments improve on this.
- Need any industry for this area mining included vital for jobs.

- Secret jewel to be managed and maintained.
- Preserve and protect.
- Needs a clean-up to access the bank and toss in a line.
- Beautiful-need more like this.
- A great picnic/camping spot. Encourage visitors and amenities.
- Great relaxing.
- Still won't drink the water.
- Peaceful and quiet. Make accessible for recreation.
- Idyllic
- Exceptional.
- Beautiful-preserve.
- Beautiful.
- Peaceful.
- Hidden jewels.
- Preserve water quality.
- Great tourist area.
- Recreational-kayaking, fishing, etc

- Seal Thompsons Creek Road and lower speed limit.
- Seal back Cullen Road.
- Seal Curly Dick Road.
- Great riding and bushwalk trail. Low traffic area.
- Needs sealing.
- We don't need to seal every road.
- Keep dirt roads.
- Warning signs-entering/exiting vehicles.
- Country road take me home.
- Great.
- The sign is there. If you crash your stupid fault.
- Needs grading.
- Keep up maintenance.
- Secluded, no traffic light no traffic jams.
- How country-love it.
- Okay.
- Peter Rabbit Lane to be graded and maintained.

- Preserve old buildings.
- To maintain access with public.
- Keep the maintenance up.
- Preserve.
- Love it-great to see a gifted artist and business in historical setting.
- Keep.
- Encourage tourism.
- Preserve.
- Preserve history.
- Yet another pisa wall construction.
- Yes, keep.
- Small boutique business.
- Keep heritage.
- Keep our heritage.
- Good. Great heritage and great for tourism.

- Should have better services for the volunteers.
- Good. More protection from vandalism.
- Needs support-essential service.
- Volunteers always there and needed.
- Necessity.
- The volunteer brigades needed.
- Necessary service.
- Good one.
- Very much needed.
- Bigger tank?
- Good use.

- Encourage education it is our future.
- Encourage teachers in rural communities.
- Great small school. Supports village and fosters community.
- Support our local schools.
- We need more children in our community.
- Keep our small schools develop each village.
- Small school system works for our family.
- Worked well for our family with three kids.
- Hope it has a nice big backyard away from the road for the kids.
- Good example of priority and what's it is but business advertising should not be on.
- Small schools great education

- God awful. Change to light industry.
- Residential blocks.
- Employment.
- Well it's not ours so who cares-bulldoze it.
- Last millennium.
- Employment for the area.
- I agree.
- Sad to see employees and traineeships disappear.
- Employment.
- Like coal power. Always want the lights to turn on. Reliable.
- I see a hotel in that cooling tower.
- I would rather wind or solar.
- Better still with solar batteries.
- Amen.
- Seems neat and tidy for what it is.
- More like energy China.
- Many years spent good to me. But now for other future. Rehabilitation, parkland?
- The lifeblood of our community

- Needs attention.
- Untidy.
- Close it.
- Absentee landlords.
- Needs some love.
- Needs attention.
- A good idea involved.
- Not in use.
- If the locals wanted to use it they would look after it and fix it up.
- Council intervention required.
- Tennis anyone.
- Make it a park change it so it is used by locals in other ways-young kids etc.
- Tennis court needs help and kids.
- So many good memories here. So sad to see. Reinvigorate?
- This is too small for sensible modern us.?
- Needs to be used.
- Yes it needs to be used.
- Fix it up Council.
- Bulldoze it

- NIMBY.
- To be owned by Australians.
- What has this got to do with Portland?
- Unsightly.
- Not here.
- Better than a coal power station.
- Good idea.
- If we want reasonable energy prices then these technologies can be developed.
- Open cut mines or turbines. Your choice.
- Not here.
- Don't like these to be situated off Manly or Bondi Beach.
- Great in selected areas.
- No
- Bring on solar energy devices such as batteries.
- More please.
- This blends nicely with the landscape.
- Thank you.
- The future.
- Fine in selected areas. Reality is that wind farming is virtually all overseas owned and developed. Australia missed the boat.

- ?
- What is it?
- Not my style.
- Needs a community to care for it and a veranda and planting.
- More signs and use. A stop-information. Picnic seats beautiful view.
- This is a community hall. Functional utilitarian.
- Heritage.
- Personal choice.
- Shed house. It will be heritage in the future.
- Needs dressing up and someone to love it and improve it.
- Where is this? Not very attractive.
- Further back from the road.

- Don't touch it Council.
- Don't touch it.
- Great tourist attraction.
- Great views.
- Beautiful scenery.
- Nice.
- Special. That's why we live in the country.
- More again please.
- Gorgeous. To be preserved.
- Make it a stopping point rest area-capture the beauty.
- Preserve the farm/agricultural lands
- Agree but maybe a photo stop spot
- Keep the farmland.
- Stunning mountain and farm land.
- Stunning.
- I agree.

- Looks like a dog's breakfast.
- Need more stock.
- Untidy.
- What a waste of farming land.
- Gotta have somewhere to live. Start somewhere.
- Before I moved to Lithgow I thought Hartley was lovely. Not lovely now.
- Too concentrated.
- A bit too close. Important to keep it nice if we all live close.
- Overcrowded.
- I agree.
- Baulkham Hills of the new West.
- Clean up backyard. Restrict backyard building. Conform to Council regulations.
- Drought very dry. No gardens and trees. Grow trees. High housing.
- Council regulations should promote responsible stewardship of semi-rural properties.
- The rural lands are too small.
- Nice and quiet to live here.
- Needs vegetation.
- Too close Council. You stuffed up.

- Stop gap solution. Where's the dual lane each way?
- Another raped environment.
- What a shame they didn't go underground.
- Good when finished. Cut travel time to Sydney.
- Hope it greens up. A bit crazy at present.
- It will be great when it is finished. Tunnels, corridors for wildlife?.
- Tunnel through the mountains to Sydney.
- Love that big engineering.
- Hope the landscaping comes with it.
- Not in my backyard.
- Taking too long.
- Creates local jobs stop
- I agree.
- Bloody mess.
- Progress.
- Hurry up finish it.
- A sore on the skin of our planet.
- Needed. Wish it was completed more quickly
