Re: Lithgow Showground Market

Dear Madame/Sir

I am writing to place a submission for your consideration of the hire fee of the Civic Ballroom for the purpose of a community market on a monthly basis.

I was initially advised by Lions Club and also prior private hirers to expect a much lower fee than I have now been quoted. I can confirm the market cannot run at this fee as I try to keep the stall fees to a minimum for Lithgow's local stallholders. I also give a donation from all sales and also all stall fee to Lithgow local schools, I will use workers from your LGA and I have donated stall space to all charity organisations from your local region to allow them the capacity to maximise fundraising.

I am willing and able to provide interactive family entertainment at the market and am willing to do what it takes to be deemed as a community event. I believe the current inclusions do make this a family and community event.

If you have the time to peruse our social media you will see the huge response we have had to our Nominate your School Donation Scheme.

Please consider this submission and advise your decision at your earliest convenience.

Our wish is to continue this market on a monthly basis on the 2nd Saturday of every month a time voted by your local residents.

Kind regards

Monique Annetts

Director
