Hello Cristina,

I would like to formally express my interest in joining the women's advisory committee.

I am 27 years old and have lived in Lithgow for the last few years. Through my work previously at Lithgow City Council and at my current workplace of headspace Lithgow I have been exposed to a lot of the challenges women face in the community. I feel that this advisory committee is crucial in a town that is continuously faced with challenges including both natural and social causes.

I hope you will consider me in your future recruitment.

All the best,

Emma
