

Women's Advisory Committee membership application form

self-nomination

Names: Lithgow Community Projects – Dee Kinney

Suburb/Town: Lithgow

Date of birth:

Email:

Phone:

Why do you want to join the Women's Advisory Committee?

LCP would like to contribute to the wider discussion of issues that impact women within the Lithgow LGA and to support initiatives that promote women's engagement and connection to community.

What is your experience working in women's issues?

As a local service provider supporting women and children experiencing domestic and family violence, those who are homeless, and those who have experienced disadvantage and adversity I have a range of knowledge, skill and experience working within the context of 'women's issues'.

Working with LCP for over 20 years I have had the benefit of completing numerous training and development opportunities and have an awareness of gender disparity, power and privilege, and the many forms this takes in our society.

Contribution

From your perspective/organisation what are some of the main issues and opportunities women are currently facing in our region? What do you believe is the highest priority?

- The increasing rate of women and children experience domestic and family violence within the Lithgow LGA
- Lack of connection and impacts on women's health
- Economic security

Given the role and key activities of the WAC, what strengths / knowledge / skill sets will you bring to the team and what domain do you represent?

LCP represents the perspective of women who experience multiple disadvantage across numerous domains including; health, safety, housing, inclusion and access to education and employment to name a few. My strength, knowledge and skill set include working from a social justice framework and being able to understand how the broader impacts of societal norms, expectations and public policy contribute to gender inequalities.
