

Hi! It's dirtgirl here with some very exciting news!

# The Get Grubby Program has arrived in LITHGOW CITY COUNCIL

Lithgow City Council has signed up to our 'get grubby' program.

This is an online sustainability curriculum for early learning places and schools.

It usually costs \$1500 per membership for a 3-year membership..

But the exciting news is ....that for you... it's 100% FREE!!

As part of their commitment to sustainability education, Lithgow City Council has covered all the costs for you to participate. Amazing!

The program contains 10 sustainability units for Early Learners, covering topics such as... recycling, composting, worm farming, saving water, growing food and getting grubby. We've matched the units to the National Quality Standards and the Belonging, Being & Becoming Early Years Learning Framework, and packed them with heaps of dirtgirlworld fun!

Each unit contains special videos from me, scrapboy, and Costa the Garden Gnome, great songs to sing and dance to, heaps of activities, fun games and loads of hands on ideas for you and your community of children.

If you would love this amazing online curriculum ...for 100% free... and who wouldn't?
