Dear committee members,

I am a professional singer/actress and have been involved in the development, organisation and production of large scale theatrical programs and events in both Germany and Australia, so I understand the need for a co-ordinated team effort in turning ideas and vision into successful cultural experiences. My years of stage work provides me with many personal contacts to organisations within the cultural community, and I am also confident with organisational administration, having represented artists as an agent.

At the local community level I have run events at Primary school, co-ordinated theatre workshops for teenagers and during 2018 provided musical therapy in an aged care facility.

I have recently moved to the Lithgow area and can see the area's expansion: I have been eager to discover the activities and events of the area and appreciated friendly contacts.

I now have the time and flexibility to participate in Committee work, as well as the energy and experiences to work with others and would be delighted to advance cultural experiences of the Lithgow community.

Yours sincerely,  
Gaye MacFarlane
