**SECTION 2: APPLICATION / PROJECT DETAILS – all applicants to complete.**

**Briefly describe your request/project. If required, attach additional details.**

The Bears Football Shed requires internal repainting and the construction of a new partial partitioning wall between the change room and first aid room. The shed also requires new tiling within the shower area and the erection of doors to the showers. This is due to the addition of a girls league tag team joining the boys rugby league club and some players being under 18 years old. Currently the sheds are open and the change room can be viewed from the outside when the front doors to the sheds are open.

As the girls league tag is new, newer equipment is also required such as new seating, benches and first aid equipment.

**Demonstrate how your project promotes community development and participation by connecting people, increased opportunity and building community capacity.**

The Bears football shed is in desperate need to be reconstructed, repainted, new seating and equipment, especially since the Bears league tag girls joined the boys Rugby League a few years ago. As the facility is used by a wider and variety of community members, the sheds are required to be upgraded with continued maintenance.

By upgrading the Bears facilities and equipment, the Bears are hoping to provide a more attractive incentive and inviting atmosphere for kids to and community to participate in rugby league and league tag.

---

---

**What community consultation has confirmed the need for this program?**

Players/players families and volunteers to the club- There are approximately 60 players and direct volunteers to the club. Since the girls league tag joined the club a few years ago and some under 18 year olds there has been a massive need for the shed to be upgraded with regular maintenance such as painting and retiling.
