Subject: Artillery gun

I write in reference to the possibility of Council acquiring an artillery gun from the ADF,

I see it as a great benefit to the gun museum and would not be out of place at the front of the Small arms factory in Methven Street.

It would serve as a landmark for tourists looking for the museum.

The area is well lit at night and there is plenty of space for the gun to be placed.

Lithgow has a proud history in gun manufacturing and this artillery piece should serve as a monument to those who have worked in the industry.
