

# Youth Council membership application form

Youth council nomination

Names: Christian Broome

Suburb/Town: Lithgow

Why do you want to join the Youth Advisory Council?

I want to join the Youth Council to be able to be a voice for the younger generation who might not know who to talk to about it. Changes in the town that the young people want need to be spoken up about and I want to be able to make those changes.

What youth issues are important to you?

Mental Health is one of the biggest things for youth. From my personal experience there is a vast majority of teenagers that suffer with mental health issues and not only that, Drug and Alcohol problems too. These are big problems that i really want to be able t6o do something about.

Any other comments?

No.
